

**NOT MANY PEOPLE CAN WEAR  
MADIBA'S SHOES...**  
But, if you want to be a leader, we  
can help you take the first steps.

*You have already made a success out of the opportunities that came your way as a previously disadvantaged graduate – which is why we want to recognise your dedication, your determination and your drive to become a leader in your field.*

The Nelson Mandela Scholarship could be yours, if you are:

- a South African citizen
- from a previously disadvantaged background
- strongly academic with an undergraduate degree
- a leader rather than a follower
- goal-hungry, hardworking and confident
- passionate about making a difference in our country

If you can answer yes to all the above – you could be selected as a Nelson Mandela Scholar. You will be fully funded for a year of post-graduate study at one of the finest universities in the UK. This life-changing experience will motivate, challenge and inspire you to reach even greater heights. Our only condition is that, after completing your year of study, you return to South Africa where you can help to make a real difference to our country and our future.

FOUNDATION

***"The road stretches before us.  
We can be sure of obstacles,  
small and large, on that road.  
An eighty-five year old can do  
much to help us advance but,  
in the end it is you – the youth –  
who hold the future of this  
country in your hands."***

– Nelson Rolihlahla Mandela
